About HENRY

Childhood experiences last a lifetime - so every child deserves the best possible start in life. And although parents want a happy healthy future for their children, family life isn't always easy. Our mission is to support a healthy, happy start for children and lay the foundations for a brighter future – by making sure families get the support they need.

Our service offer

Founded in 2009, HENRY is now the leading national provider of evidence-based services to support a healthy start. We are currently working in partnership with NHS trusts, public health teams, children's services and other partners in around 40 local authorities and 5,634 families benefited from HENRY support in the last year.

We support parents to transform family life for the better in all sorts of ways – including emotional wellbeing, family relationships, parenting skills, infant feeding, the home learning environment, improved nutrition and getting more active.

Our values

HENRY aspires to be a values-led organisation. All of our work with families, partners and HENRY colleagues is underpinned by the following explicit values:

- **Partnership:** parents are the experts in their own family so we start with their experience and support them to make changes that they believe will lead to a healthier and happier life.
- **Strengths-based:** we acknowledge and build on all the things that are going well, fostering hope and self-belief.
- **Person-centred:** families face different challenges - we get alongside families and listen, building a relationship based on trust and empathy.
- **Respect:** we value families for who they are and seek to understand rather than judge.
- **Inclusive:** we find out about the difficulties that some families face in accessing support and work proactively to overcome barriers.

- **Excellence:** we strive to provide families with high quality and effective support; we value learning about what doesn't work as well as what does, approaching new ideas with an attitude of curiosity and using reflective practice, evidence and feedback to improve our services.

Our impact: 10 years of making a difference to the lives of children and their families

Our 10-year impact report¹, published last year, tells the HENRY story through the voices of families, volunteers and local practitioners – as well as bring to life many of the collective changes that children and families have achieved.

I started a programme and ended up with a new life

Every day, we are helping some of the UK's most vulnerable and deprived families provide a great start for their children, so they flourish throughout childhood and beyond. Following a HENRY programme:

- 93% of families lead a healthier lifestyle
- 77% of parents have improved emotional wellbeing, including feeling happier, less isolated and less stressed
- 86% of parents are able to hold boundaries more effectively

I'm now the Mum my child deserves

It was one of the best decisions in my life to attend the HENRY programme. Before, as a single mum (with no relatives in UK), I was full of doubts how to raise my child. Now I am a confident parent who knows what is best, both for me and my child.

I had to realise that everything depends on us, parents. Happy mum, happy child. Before the programme, I was not sleeping enough, no exercising, I was eating junk food, I was frustrated.

During the programme, I introduced new habits, such as sleeping more, eating fruits and vegetables every day, looking at the food labels before buying anything, introducing new foods, exercising more, tidying the flat, giving choices to my baby girl, reading to her more.

It also gave me the opportunity to meet other parents, and to avoid depression. I really enjoyed that somebody is taking care of me. We got flowers, candles to chill and relax at home. I learned that "me time" is very important, not just for me but for my baby as well.

We got free vitamins, balls, books (what my baby girl loves so much that there is no day without reading the Henry Bear story to her).

Our team of staff and volunteers

HENRY currently employs 64 staff. Just over a third of staff are based at our national office near Oxford, with the majority of staff based locally (Hackney and City of London, Lambeth, Waltham Forest, Southend, Bradford and Blackpool) delivering services and projects.

In addition to our employed staff team, teams of freelance trainers, sessional facilitators and volunteers also play a crucial part in delivering HENRY services.

HENRY's supportive ethos and high levels of staff satisfaction and commitment are evident in our annual staff surveys. 100% of staff tell us they are proud to work for HENRY, would recommend HENRY as an employer and have continued to feel well-supported during the challenges of the coronavirus pandemic.

Our future

In April 2019 we began implementation of our new 3 year plan to maximise:

- **impact:** the greatest positive change for the people we support
- **reach:** the number and diversity of people we support, as well as our geographical reach
- **revenue:** ensuring financial sustainability to deliver our charitable objectives

Our strategic objectives in achieving this are to:

- Continue to strengthen our work in pregnancy and the early years
- Extend HENRY to parents of children aged 5-11 and to teenagers
- Extend our reach through the use of digital technology and new partnerships
- Develop and maintain our reputation as a 'centre of excellence', working with academic partners to strengthen our evidence base and influencing national policy
- Develop new income-generating activities to support our core mission

This is an exciting time to be joining HENRY. Over the last 5 years we have successfully implemented ambitious plans for growth, and are projecting further growth in 20/21.

The coronavirus pandemic has impacted face-to-face delivery and accelerated our plans for digitalisation, with rapid adaptation of our family support and training activities for online delivery.
