## About the programme

The programme is for parents or carers who would like support and ideas to develop a healthier family lifestyle which parents and children can both enjoy. It is free to join.

Everyone wants the best for their children, but with so much conflicting advice it can be hard to know what to do for the best as a parent.

HENRY's *Healthy Families: Growing Up* programme is running locally. Join the thousands of families across the country who have benefited from the support and tips HENRY programmes provide.

Research shows that the key ingredients for a healthy family lifestyle are:

- Parenting confidence
- Physical activity for the whole family
- What children and families eat
- Family lifestyle habits
- Enjoying life as a family

The programme covers these 5 themes and provides everything you need to help your children thrive.
